

**SOMADEV NAGESH**

Structural Engineers

## About Us

Somadev Nagesh is a Structural Consulting Engineer who built his professional foundation on the key belief that Client satisfaction is paramount and primary to success. He started his career in the year 1985. S. Nagesh served under Mr.S.Somadeva, his father who started the consultancy in 1971. He did his Post graduation in structural engineering at Technical University of Nova Scotia(TUNS) in Halifax, Canada. His thesis was Development of Software for Structural Analysis of Guyed towers under Dr. Malhotra of TUNS. After returning in 1987, he continued to learn and gain experience in structural engineering from his father till his retirement in 1995. He continues his father's consultancy firm in the same zeal from then.

The firm lays strong emphasis on scheduled timelines, reliability, and integrity. From Structural Designs, Plans, Estimation, Valuation, the firm seeks new and better ways to assist its Clients. Client satisfaction is achieved by focussing on excellent workmanship and a well qualified team of professionals. Without limitations on scale and budget the firm services clientele across the spectrum from low to high. Renovation Consulting & Consulting on Expansions to existing buildings are also part of the services offered.

Somadev Nagesh, with Structural Consulting Engineering experience in INDIA & USA, holds BE in Civil Engineering from Anna University & M.A.Sc. Structural Engg from Tech University of Nova Scotia, Halifax, Canada. He is supported by a strong technical team in his work.
